

## CURRICULAM VITAE

### **Prof. Mubarak M. Khan, DLO, DNB (ENT), India**

Prof. Mubarak M. Khan is a distinguished otologic surgeon, educator, innovator, and pioneer of **Two-Handed Endoscopic ENT Surgery (ETHENTS)**. He serves as Consultant ENT Surgeon and Director of **Sushrut ENT Hospital**, Talegaon Dabhade, and is Adjunct Faculty at **Kasturba Medical College (MAHE)** and **Dr. D. Y. Patil Medical College**, Pune.

With surgical experience of **10,000+ procedures**, he has been at the forefront of advancing endoscopic otology through innovation, education, and original instrumentation. He is the inventor of the **US-patented EndoHold® system**, has developed **20+ surgical innovations**, holds multiple patents, and is recognized for transforming bimanual endoscopic surgery into a reproducible surgical philosophy.

An accomplished academician, Prof. Khan has authored **75+ publications in national and international indexed journals**, in addition to multiple medical textbooks including **Endoscopic Color Atlases** and **EndoSim**, along with literary works in philosophy and poetry.

A passionate teacher and mentor, he has trained **300+ fellows** through **100+ ETHENTS courses**, and has served as invited operating faculty at **40+ national courses** and **20+ international conferences across 10+ countries**.

He is Founder of **ETHENTS, Dr. Khan's Creations**, and the **SEOCON International Conference**, platforms dedicated to surgical innovation, research, and skill dissemination.

He is widely regarded as a surgeon-inventor redefining the future of modern endoscopic ENT surgery.
